The Company's management is responsible to make sure that the personnel involved in the conclusion of the Reported transactions included in the Current Report and the drafting of the Current Report is adequately trained and the computer systems are adequately updated.

Auditor's responsibilities

3. Our responsibility is to analyze the Reported transactions included in the Current Report submitted by the Company and to report in the form of an independent limited assurance conclusion, based on the evidence obtained. We have conducted our engagement in accordance with the International Standard for Assurance Engagements („ISAE”) 3000 Assurance engagements, other than audits or reviews of historical financial information issued by the Council for International Audit and Assurance Standards. This standard requires us to plan and perform our procedures in such manner to obtain an adequate assurance level if the price of the Reported transactions included in the Current Report meets, in all material aspects, the criteria defined in paragraph 10 of this independent limited assurance report as a basis for our independent limited assurance conclusion.
4. We are independent of the Company in accordance with the International Code of Ethics for Professional Accountants (including the International Standards on Independence) issued by the International Ethics Standards Board for Accountants (IESBA Code), and other relevant ethical requirements in Romania, including Law no. 162/2017, as amended, for our assurance engagement on the Consolidated Sustainability Reporting, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

5. Our firm applies the International Standard on Quality Management (“ISQM 1”) and, accordingly, maintains a comprehensive quality management system that includes documented policies and procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements.
6. The selected procedures depend on our understanding of the Reported transactions included in the Current Report and of other circumstances of the engagement, as well as on our considerations related to the areas where material misstatements could occur. In obtaining an understanding of the Reported transactions included in the Current Report, we have taken into consideration the process used by the Company to conclude the transactions and to prepare and submit the Current Report in accordance with the requirements of art. 108 of Law no. 24/2017 and of Regulation no. 5/2018 in order to determine the relevant assurance procedures under the given circumstances, but not for the purpose of stating a conclusion on the effectiveness of the process or of the Company’s internal control for the conclusion of the Reported transactions included in the Current Report and for the drafting and submission of the Current Report.

The procedures conducted consisted mainly of interviews of the management and of other employees of the Company, a comparison of the price used for the transactions reported in the Current Report with the criteria used by the Management to evaluate it, as well as of evaluating the evidence obtained.

7. The procedures conducted to obtain evidence within a limited assurance engagement are different in terms of nature and timing and are more restricted, in terms of scope, than the procedures conducted within a reasonable assurance engagement. Therefore, the assurance level that is obtained within a limited assurance engagement is considerably lower than the assurance level that would have been obtained if a reasonable assurance engagement had been conducted.
8. As part of this engagement, we have not conducted any procedures for auditing, reviewing or verification of the Reported transactions included in the Current Report in accordance with the International Audit Standards or the International Standards on Reviewing Engagements or of the sources from which the transactions included in the Current Report originate, nor did we conduct any procedures related to the completeness of the Reported transactions included in the Current Report.
9. Our procedures were applied only for the Loan agreement from 24.06.2025, concluded with Arobs North America INC. We did not conduct any procedures to check whether the Current Report include all the transactions and details on the transactions that the Company must report in accordance with the requirements of art. 108 of Law no. 24/2017 and with Regulation no. 5/2018 for the period between January 1st, 2025 - June 30st, 2025.

Criteria

10. The criteria used within this engagement were as follows - for the Current Report in relation with the loan agreement concluded on 24.06.2025: for determining the interest rate used with the related party, the Company compared the interest rate from the market for bank deposits in USD, respectively the interest rate from the Federal Reserve. In both cases the interest rate used by the Company with the related party is higher than those used for comparison.

Conclusion

11. Our conclusion was formed based on and considering the aspects presented in this report.
12. We believe that the evidence obtained is sufficient and adequate to provide a basis for our conclusion.
13. Based on the procedures conducted and the evidence obtained, we have not identified any matters that would make us believe that the price related to the Reported transactions included in the Current Report does not meet, in all material aspects, the criteria defined in paragraph 10 of this independent limited assurance report.
14. In accordance with the engagement terms, our independent limited assurance report on the information included in the enclosed Current Report dated 26.06.2025 drafted by the Company’s Management to report to the Financial Supervisory Authority in accordance with the requirements of art. 108 of Law no. 24/2017 and of the Regulation no. 5/2018, was drafted for the Company’s Board of Directors in relation to the requirements of these regulations and for no other purpose or in any other context.
15. The price of the Reported transactions included in the Current Report was assessed based on the criteria defined in paragraph 10 of this independent limited assurance report. The criteria was developed only for the purpose of this engagement and should not be considered adequate for any other purpose.
